## This image shows a single sheet of white paper with horizontal ruling lines. The lines are evenly spaced and run across the width of the page. There are no margins, text, or other markings on the paper.

Ahmed was nine years old and lived with his family in a village in Gazira. He was part of a large family of six brothers and five sisters. Ahmed looked after the family sheep. He always made sure they had the best grass to eat. So they were very fat and healthy , and gave lots of milk for his all family.

After the crops had been harvested, the fields were very good grazing land. Ahmed's sheep went into the best fields. These were the fields which had been sprayed with pesticide and the sheep ate much grass.

Soon the sheep began to grow thin and did not produce much milk as they used to. Ahmed did not understand why the sheep were ill. He did not know that the green grass was covered with pesticide and the pesticide was making these sheep ill.

**(A) Give short answers :**
